MEMORANDUM FOR: Director of Communications  
Director of Finance  
Director of Logistics  
Director of Medical Services  
Director of Personnel  
Director of Security  
Director of Training

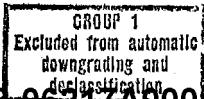

SUBJECT : Requests for Secure Voice Equipment

1. Because the Agency supply of KY-3 equipment is now nearly exhausted and additional quantities are not expected to become available to us, it has become necessary to carefully balance priorities in considering each new request for a GREEN telephone installation.
2. In order to satisfy a request for an additional KY-3 installation in one component, it will soon become necessary to remove an instrument already in use elsewhere. With this in mind, I have instructed the Office of Communications that new installations are to have my prior approval. Please release any such requests only after having satisfied yourself that the requirement is bona fide and cannot be reasonably satisfied by the transfer of equipment within your own Office.
